Organizer

School of Archaeology (Institute of Cultural Heritage)

Shandong University boasts an esteemed legacy in archaeology education, tracing back to the 1920s, culminating in the formal inception of the discipline in 1972.

The School of Archaeology concentrates research on Human Evolution and Paleolithic Archaeology, Prehistoric and Historic Archaeology, Archaeological Sciences, and Cultural Heritage and Museum Studies. It also has laboratory facilities for archaeological research.

COURSE DIRECTORS

Professor Hui Fang

Ph.D Supervisor, Ph.D in Ancient Chinese History of Shandong University.
Focuses mainly on Archaeological Theories, Archaeology in China and Cultural Heritage Studies.

Professor Fen Wang

Ph.D Supervisor, Ph.D in History in Archaeology of Shandong University.
Focuses mainly on Neolithic Archaeology, Settlement Archaeology and Pottery Archaeology.

ABOUT

This course is designed to introduce students to the knowledge of human history with an emphasis on the insights gained from Chinese archaeological findings, also to perceive, experience, and have a better understanding of China through lectures and experiential activities.

GOALS

The curriculum aims to explore the differentiation and integration between Eastern and Western worlds during the Paleolithic era, and the patterns of early globalization and connectivity across the Eurasian continent throughout the Neolithic and Bronze Ages.

VISIONS

With thematic and case study analyses of archaeological sites and findings, this course provides students with an immersive experience into the excitement of archaeology in China, while simultaneously expanding their comprehension of world prehistory.
